

MEDIA ADVISORY

YONKERS STUDENTS PRESENT IMPRESSIVE PROJECTS AT YPIE MAJORS SYMPOSIUM

YPIE Majors include Debate, Entrepreneurship, Film, Finance, Healthcare, Robotics, and Science Research

WHAT: More than 65 Yonkers high school students will present their accomplishments at the Yonkers Partners in Education (YPIE) Majors Symposium.

YPIE partners with students to ensure they are prepared for college success. The YPIE Majors program introduces students to career pathways while preparing them for the rigors of college academics.

At this year's YPIE Majors Symposium, students will share the impressive projects they have been working on as they develop skills to help them thrive in college and beyond. Their projects include an innovative robot, creative business plans, powerful films, financial pitches, healthcare solutions, and more.

YPIE students will receive awards to recognize their commitment, perseverance, and hard work.

WHEN: Thursday, May 23, 2024
4:30-6:00pm

WHERE: YPIE Colleg Zone
92 Main Street, Yonkers

PHOTOS: YPIE Scholars will be available for photos and interviews

ABOUT YONKERS PARTNERS IN EDUCATION (YPIE): Yonkers Partners in Education (YPIE) partners with students to ensure they are ready for, enroll in, and complete college. We confront the challenges of a low-income, urban school district by providing families with equitable access to

the critical tools and services necessary for college success. In its 17th year, YPIE puts college within reach for thousands of students. Learn more at ypie.org.
